

CONSULTATION

Why schedule a consultation?

1. If the student is not sure about the choice of an instrument, the consultation, where they can try 2 or more instruments, would give them and the parents a clear indication of the student's interests. Maximum number of instruments in a 30-min consultation is 2.
 2. If the student is not sure about the choice of an instructor, they would be welcome to schedule a consultation with one or multiple teachers to help them make the right choice
- A consultation with 1 teacher is 30 minutes long
 - The payment for the consultation includes the regular tuition rate plus an \$8 administrative fee
 - The administrative fee of \$8 will be returned with the 1st invoice, if the student signs up for the lessons within a month of the consultation
