Class Description:

With only 2 students in each group drum class, our group classes are designed to achieve fast results through

very high quality personalized instruction. Also, small classes allow the students to set their own goals.

Because we teach students individually, allowing them to learn at their own pace, we have students of different levels

and ages in every class and they are engaged with their instrument for the full duration of the class.

Variety of ages and levels in each class provides a fun and challenging learning environment.
