**Class Description:**

With only 3 students in each group violin classroom, our group classes are designed for achieving fast results through very high quality personalized instruction.

The small class size allows us to teach students of different levels and ages in the same class, and students are engaged with their instrument for the full duration of the class. We teach the students individually, not as a group, and help each student achieve their specific goals. Variety of ages and levels in each class allows for fun and challenging learning environment.
